

3 Flutes Alu-Cut Mirror Finishing Cutting End Mills For Aluminium

3AMPE

- Endmills for Aluminium, AL alloys, non-ferrous and non-metallic materials.
- By 25° helix flute edge design with the after-treatment process, when milling workpiece, it enables superior mirror surface milling.
- Minimize fracturing by high TRS fine (0.5µm) WC grade.

Unit(mm)

Model Number	Cutting Dia. D	Length Of Cut L1	Overall Length L	Shank dia d
3AMPE 040 130 450	4	13	50	4
3AMPE 040 180 460	4	18	60	4
